ACTUAL ISSUES OF JUVENILE DELINQUENCY PREVENTION

Abstract

In modern socio-economic conditions, the problem of crime prevention is one of the most urgent. At the same time, work in this direction should begin with the decriminalization of the youth environment. A key factor in the work to prevent juvenile delinquency is the development of a sound public policy that includes a set of regulatory and legal measures, social support, the strengthening of the role of the family and the cultural and moral upbringing of the younger generation. In the article the authors made an attempt to analyze the causes of juvenile delinquency at the present stage of the society development, the main directions of the solution of this problem from the position of the current regulatory and legal acts are presented.

Key words: juvenile delinquency, crime prevention, deviant behavior, state policy.

АКТУАЛЬНЫЕ ВОПРОСЫ ПРЕДУПРЕЖДЕНИЯ ПРЕСТУПНОСТИ НЕСОВЕРШЕННОЛЕТНИХ

Аннотация

В современных социально-экономических условиях проблема предупреждения преступности является одной из наиболее актуальных. При этом работу в данном направлении следует начинать с декриминализации молодежной среды. Ключевым фактором в работе по предупреждению преступности несовершеннолетних является разработка грамотной государственной политики, включающей комплекс мер нормативно-правового регулирования, социальной поддержки, усиление роли семьи и культурно-нравственное воспитание подрастающего поколения. В статье авторами предпринята попытка анализа причин преступности и условий несовершеннолетних на современном этапе развития общества, представлены основные направления решения данной проблемы с позиции действующих нормативно-правовых актов.

Ключевые слова: преступность несовершеннолетних, несовершеннолетние, предупреждение преступлений, девиантное поведение, государственная политика.
